

Puma Aqua Plus Degreaser

Puma Aqua Plus Degreaser is a multi-purpose, safe and economical degreaser. It is ideal for use in mining, transport and agricultural workshops on a wide range of equipment.

- ✓ Water based
- ✓ Biodegradable

Applications

- > Workshops, garages
- > Plant & machinery
- > Concrete floors
- > Parts degreasing
- > Can be used on plastics, rubber, automotive finishes.

Features

- > Solubilises grease, oil, fat and waxes
- > Easily washes off in water
- > Inhibits ferrous metal corrosion
- > Safe to use on all metals
- > Ready to use
- > Non-flammable
- > Biodegradable

Directions for use

Heavy Grime

Dilute one part degreaser to 5 parts water. For highest performance, mix 4 parts degreaser with one part solvent (Diesel, Kerosene or Mineral Turps).

Normal Conditions

Dilute one part degreaser to ten parts water.

Hard Surfaces (Fiberglass, Vinyl, paintwork)

Dilute one part degrease to 15 parts water. Wet surfaces to be cleaned, thoroughly with degreaser, using a spray or a brush. Allow a few minutes to react.

For Highly Contaminated Surfaces

Use a brush. Avoid prolonged contact with polished aluminium, magnesium and alloys. Rinse completely with water.

Typical Physical Characteristics

Test	Typical Result
Colour	Green
pH	12.8
Specific Gravity	1.05-1.08
Water Solubility	fully miscible

Contains Alkaline Salts 55gms/L

These Characteristics are typical of current product methods whilst future production will conform to Puma Lubricants specifications, variations in these physical characteristics may occur.

Health & Safety Environment

- > Classed as Hazardous (Irritant) and a Schedule Poison S5.
- > Avoid contact with eyes and skin, Use proper impervious gloves with used product. After skin contact, wash immediately with soap and water. Guidance on health and safety is available on the appropriate Safety Data Sheet (SDS) which can be obtained from sds.pumaenergy.com.au

Protect the Environment

- > Take used product to an Authorized Collection Point. Do not discharge used or new product into drains, soil or water.

Additional Information

- > Technical advice on any applications not covered here may be obtained from your Puma Energy Representative.
