

## Puma Quick Break Degreaser

Puma Quick Break Degreaser is a multi-purpose, high flashpoint solvent degreaser. The high flashpoint and moderate aromatic content of the solvent base makes this product ideal for use in automotive workshops on a wide range of equipment.

- ✓ High Flash Point
- ✓ Quick Break

### Applications

- > Agriculture, construction, mining
- > Transport
- > Heavy-duty workshop environments
- > Parts degreasing
- > Parts washers
- > Plant and machinery
- > Concrete floors

### Features

- > High flashpoint
- > Easily washes off in water
- > Low odour
- > Safe to use on all metals
- > Ready to use
- > Low volatility, low flammability
- > Quick separation of oil and water in separators

### Health & Safety Environment

- > This product is unlikely to present any significant health and safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.
- > Avoid contact with eyes and skin, use proper impervious gloves with used oil. After skin contact, wash immediately with soap and water. Guidance on health and safety is available on the appropriate Safety Data Sheet (SDS) which can be obtained from [sds.pumaenergy.com.au](https://sds.pumaenergy.com.au)

### Protect the Environment

- > Take used oil to an authorised collection point. Do not discharge used or new oil into drains, soil or water.

### Typical Physical Characteristics

Test	Typical Result
Specific Gravity	0.81
Flashpoint (open cup)	78°C
Boiling Range	198°C – 244°C
Aromatic Content	~ 14%

*These characteristics are typical of current product methods whilst future production will conform to Puma Lubricants specifications, variations in these physical characteristics may occur.*
